(B.E.) FOUR YEARS COURSE IN:

1. Civil Engineering.
2. Electrical Engineering.
3. Mechanical Engineering.
4. Computer Systems Engineering and

(B.CS) THREE YEARS COURSE IN:

1. Computer Sciences

BRIEF HISTORY

Quaid-e-Awam University of Engineering, Sciences and Technology, Nawabshah was upgraded from the constituent College (Mehran University College of Engineering and Technology) on 7.8.1996 through an Ordinance and subsequent Sindh Act XIX of 25.8.1996 passed by the Sindh Assembly. Departments of Civil Engineering, Electrical Engineering & Mechanical Engineering have been awarding degrees since last 24 years. Computer Systems Engineering discipline has been introduced in 1996 and Computer Science discipline is being introduced this year on the directions of Chancellor of the University to strengthen and add to Information Technology initiative.

PHYSICAL FACILITIES.

The Quaid-e-Awam University of Engineering, Sciences and Technology is spread over an area of 457 acres. There are six hostels for boys and one for girls, which accommodate about 1000 students. Residences are provided to teachers and staff in the university colony.

Necessary equipment for laboratories and workshops is provided in all departments of the University. More equipment is acquired every year depending upon the growing need of the increasing number of students and the courses which are updated from time to time. The University has established computer centre which is equipped with IBM mini main frame System 9373 Model-20 installed in the year 1990. The main functions of the centre are to impart instructions and training to the undergraduate and postgraduate students in learning the use of computer and to provide facility for the teaching and research staff to use the system for research & development. University also has IBM-PS/2 system (Model-60 & 80), IBM PSVP. Pentium-II PCs with variety of printers available in all teaching departments for the teaching and research purposes of the faculty members. E-Mail and internet service are also available.

LIBRARY FACILITIES:

The central library of the University contains more than 20,000 books related to Engineering, Science and Technology. More than 10 technological research journals are on current subscription from U.S.A., U.K. and other foreign countries. In addition local periodicals are also acquired every month.

There are more than 4,000 books in the Book Bank which is a collection of selected books which are loaned to students for one term on nominal rent. The collection of books is updated throughout the year and new books are acquired on the recommendations of highly qualified and experienced teachers on the subjects which make the collection most suited and beneficial to the students.

FACULTY:

The Quaid-e-Awam University of Engineering, Sciences and Technology has 75 highly foreign qualified and committed faculty members with 09 Ph.Ds.

STUDENTS:

The Quaid-e-Awam University has enrolment of 2000 students, including 45 females and 10 foreign students.
